

- Integrates Innovation, Manufacturing and Own R&D
- Total Clinical Treatments Solutions
- Providing Attractive, High-quality Products and Services with DILAS
- Clinical Research and Training Course All Over the World

ADD: B8-A5, Building B8, Hi-Tech Medical Device Industrial Park, #818 Gaoxin Avenue, Wuhan 430206, China Ph: 86-27-67848871 67848872 Fax: 86-27-67848873 http://www.gigaalaser.com Email: info@gigaalaser.com

ISO 13485: 2012 certified. © 2017 GIGAALASER.

Wuhan Gigaa Optronics Technology Co., Ltd.

GIGAALASER is specializing in the design, manufacture and sale of medical diode lasers and accessories. Our products cover some disciplines of human, dental and veterinary medicine. For each discipline, a broad range of high quality accessories is available. We have a strong emphasis on research and development, production, service and training. Working in conjunction with hospitals and physicians is just as important as good communication. During April 2010, GIGAALASER have completed a new financing platform for cooperation. The Biolake which is China's largest medical bio-industry base has regarded our company as the largest manufacturer of medical diode laser systems and offered us new investment. We will take full advantage of this new platform, using the development, production, financial, human and other resources to accelerate the development. We will continue to provide new medical technology and good service to our honorable customers.

International Exchange and Cooperation

The partner from Portugal attend the BPH surgery training course in Royal Bahrain Hospital, Salmaniya Kingdom of Bahrain. ₽

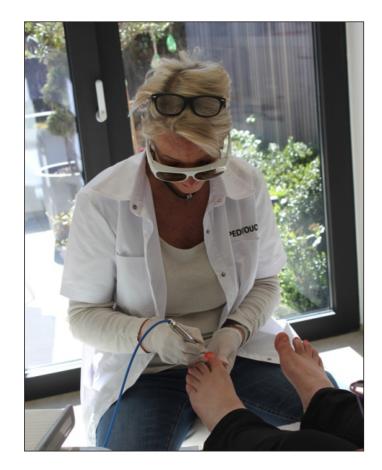

In order to develop the new partners and provide best service for our partners all over the world, GIGAALASER attend 15-20 exhibitions and conferences every year.

We also established many training centers with our great partners in the world. Now we have sold the medical diode laser systems to more than 40 countries, we will try the best to provide high quality products and good service all the time.

Product Applications

What can we do for you

Marketing Support

- Corporate marketing activities such as conference, webinar and sales trade shows.
- □ Marketing Materials such as product elements, clinical papers/ photos/ videos.
- □ Client education center all over the world can support the locally promotion.

Technical Training

- □ Training course for engineers
- □ Training course for after sales service
- □ Software update

Golden After Service

24 months standard warranty for free, 5 years technical support. Pay more, get longer. **C** Repair solutions come out in 24 hours after we got the details information from partners. Fast repair procedures for the products which return to the factory, and enclosed the repair

report back to partners.
